

2017 Centennial Service Award

To help celebrate our next 100 years of Scouting, the Centennial Committee has voted to award the 2017 Centennial Service Award to any registered individual that documents 100 hours of service to their community.

The deadline for this award is December 31st, 2017. Documentation needs to arrive in Council office by that date.

A limited-edition patch as seen above will be distributed to those individuals that turn in their paperwork by December 31st, 2017.

Service can be counted for any volunteer work in the community, there are no restrictions. Just document.

You must also record your total service hours on the service website as well:
