

Welcome to the annual Memorial Day flag planting event. Today you will be honoring our Nation's veterans who lay inturned in this cemetery. Thank you for volunteering your time and energies to this important event. Please follow these guidelines while you serve today.

Flags should be erected in a uniform manner, approximately one foot in front of and centered on the grave marker or headstone.

Always follow flag etiquette including; never lay flags on the ground, and only use flags that are in excellent condition.

Once you place the flag, pause to say the veteran's name and thank them for their service.

Remember the Scouts Law as you visit today. Be **COURTEOUS** to the other volunteers and to the cemetery grounds. Show **REVERENCE** to the sacrifice made by all service men and women and their families and to the memory of those laid here.
