

## Honor Flight Network

June 11 at 12:02 PM · 🌐

Today, we made the very difficult but necessary decision to suspend all trips in 2020. Thank you to our hubs for remaining creative in how you continue to honor our veterans at this time. And thank you to all our supporters. A brighter future is ahead. Planning for 2021 starts now! The Honor Flight Network will continue until every veteran has experienced our national memorials to service.

# HONOR FLIGHT TRIPS SUSPENDED FOR 2020

The Honor Flight Network will extend its mandatory suspension of all trips through the remainder of 2020, due to continued uncertainty with regard to COVID-19.

The Honor Flight Network estimates that the organization would have transported more than **20,000 veterans** to Washington, DC this year to see the memorials built in honor of those who have served.

Honor Flight also expected to reach the milestone of providing these free trips to a **quarter million veterans** since the network was founded 15 years ago.
